

Thank you for all the hard work that you and the Time Machine Gardens “lads” put into our miraculous garden makeover.

From the initial plans drawn up last autumn, through the path laying and construction of the vegetable plot over the winter, to the final swoop of brick lawn edging this spring, you have managed the project in a thoroughly professional and thoughtful manner. Time Machine Gardens has delivered on time and on the money, consulted us every step of the way and dovetailed your expertise with our ideas to achieve the best possible result. You have also shown extraordinary patience in the face of my desire to retain certain inconveniently located plants and reconfigured the raised beds to suit me.

Mrs S, Thame, Oxfordshire
